ABOUT US

Likhithanande Engineers & Project Managers, an Engineering consulting firm that was established in June 2012 (CK 2005/056308/23). The company has acquired most of its work experience from various projects that we were appointed as sub-consultancy under, with numerous macro consulting companies overseeing the work.

The main priority of Likhithanande Engineers & Project Managers is to empower previously disadvantaged individuals seeking success in the challenging multi-disciplined environment of Engineering. This can be achieved through bursaries, in-service training, internships and actual implementation of civil engineering projects to uplift rural communities through employment. The founder of the company is a Candidate Engineering Technologist registered with the Engineering Council of South Africa and therefore commits and adheres to the rules of conduct of ECSA.

OUR MISSION

We are dedicated to successfully produce the best results in everything we do through innovation, practicality, teamwork and efficient service delivery. We are a results-driven organization that strives to effectively meet the Client's objectives.

THE AIMS THAT COMPRISE OUR MISSION:

- To be a pioneer in the field of engineering, surveying and project management in South Africa.
- To be an SMME that strives to serve and empower previously disadvantaged communities through learning and working opportunities
- To create a vibrant and good working and learning environment for our staff and student engineers and project managers
- To enhance and develop the quality and effectiveness of our work through acquisition of experienced staffs and collaboration with other SMMEs

Our Vision >>>>>>

Likhithanande Engineers
& Project Managers will be
the preferred national provider
of technical, project and
operational support services
to our customers, using our
distinctive culture to create
value for them and prosperity
for our people.

OUR CLIENTS

Our first responsibility is to our client. Without them we would have no raison d'être. We are committed to satisfy their needs by providing them with the very best service. As a minimum we commit to meet our clients objectives within time, budget and quality.

OUR EMPLOYEES

Likhithanande Engineers & Project Managers is an equal opportunity employer and seeks to provide fulfilling work experience to its employees in an environment that encourages every employee to develop their maximum potential. We reward employees in proportion to their contribution to the success of the company.

COMMUNITIES AND ENVIRONMENT

Our third responsibility is to the community in which we live and work. To be a good corporate citizen, Likhithanande Engineers & Project Managers will invest capital and skills in the broader development of our society as a whole. We are also committed to protecting our environment and natural resources.

LEADERSHIP

Committed, empowered and rewarded people
Delivering profitable sustainability
Integrity in all aspects of business
Energy and excitement
Minimum bureaucracy

RELATIONSHIPS
